

POWERED BY COMMUNICATIONS,  
DRIVEN BY VALUES,  
INSPIRED BY PEOPLE.

### THE OVERVIEW

- Multiple service delivery in various parts of a Consolidation program for a large telco operator in Germany

### THE CHALLENGE

- Complex technical solution
- Multiple vendors & various partners involved
- Stand-alone systems
- Different regional approach

### OUR RESULTS

#### Successful Service Delivery

- Strong internal governance, one team approach
- Dedicated coordination to accommodate the complex scope
- Key service provider for most of the vendors and partners involved
- Internal and external synergy development

#### Service Optimization & Achievements

- Reporting automation & system development
- Deep technical knowledge and process expertise
- In-house “micro” tools development to support the planning teams
- 11000+ MW activities delivered
- 8000+ trail plannings delivered
- 600+ routers plannings delivered
- 12000+ RAN & Tx NEs integrated
- 4000+ DCN routes planned and implemented
- 1500 + Routers integrated

### SERVICE DELIVERY FOOTPRINT

#### Dusseldorf

MW Engineering & Design  
Radio Planning  
Trail Planning  
Civil Work Design & Supervision  
LOS Tests & Patching  
Dismantling Program Coordination  
DCN Planning & Implementation

#### Berlin

Router Planning  
TX & RAN RIC & BO

#### Nurnberg

TX & RAN RIC & BO  
RNO & Databuild  
Router Planning

#### Hamburg

Fixed Network NOC  
Router RIC

#### Bucharest

TX & RAN RIC & BO
